FICTIONAL BENCHMARK EVIDENCE - NOT A CERTIFICATE
Mossmorrow / evidence 2

Certified Green Leaf is a marketing-created badge, with no external certification scheme or public authority basis. Purchased offsets are the sole basis of the neutrality claim; no lifecycle emissions inventory exists. Inventory: 500 units. Campaign has no fixed end date. Testimonial was written by campaign staff, not a customer.

Synthetic record for ClaimGuard X testing only. Not a real study, review or approval.
